Sir,

With reference to your letter No. G. 87/^xSany. dated the 3rd July 1930,
regarding the construction of a dispensary building at Arenahally, Hunsur
Taluk, I have the honor to forward, for the information of Government, a
copy of letter No. C. 1153.L.B. dated the 3rd Instant, and its enclosure,
received from the President, District Board, Mysore, intimating that the
Board have approved of the erection of a building at Arenahally, "on the
understanding that the sum of Rs. 2,500/- deposited by the villagers be
transferred to District Funds".

It is not understood why the District Board want the pepples' deposit
to be transferred to the District Funds. The usual procedure is for the
D. P. W. to conduct the work from the funds made available by the people,
the District Board and the Government. All the funds will, therefore, have
to be transferred to the P. W. D., rather than the District Board.

I have addressed the Executive Engineer, Mysore Division, to prepare
an estimate for a Rural Type dispensary, at Arenahally.

Respected Sir,

Is it proper
to take the

We, the undersigned residents of Arenahally, Hunsur Taluk, most humbly and respectfully beg to bring the following few lines to your honour's benign consideration hoping to meet with early favourable orders.

In connection with the construction of a building for the Dispensary in our place, we had submitted applications to Government for which endorsements Nos.G7126 Sany. 64-29-3 dated 10-12-29 and G.5427/Sany. 64-29 dated 19-11-30 were granted stating that the matter is receiving the attention of the Government. An application was made to the Senior Surgeon on 15th November 1930, for which an endorsement No.W.C.308 dated 22nd November 1930 was granted stating that an estimate has been called for from the Executive Engineer, Mysore Division. But with regard to this matter nothing has been done upto this time.

Last year when we had visited your honour twice once at Mysore and another time at Bangalore, your honour was kind enough to reply us that the building would be granted.

Now we learn that the estimate has been sent from the Executive Engineer to the Senior Surgeon. So, orders may kindly be made for the construction of the building at an early date at least this year. The contribution amount of Rs.2,500/- has been deposited in the Hunsur Taluk Treasury.

P.T.O.

Hope that our request will receive your honour's due consideration and favourable orders be passed, for which act of kindness and help, we shall in duty bound ever remain highly indebted to you.

Mysore,
5th June, 1931.

We beg to remain,

Respected Sir,

Your most obedient servants,

Address:-

Respected Sir,

We, the undersigned residents of Arenahally, Hunsur Taluk, most humbly and respectfully beg to bring the following few lines to your honour's benign consideration hoping to meet with early favourable orders.

In connection with the construction of a building for the Dispensary in our place, we had submitted applications to Government for which endorsements Nos.G7126 Sany. 64-29-3 dated 10-12-29 and G.5427/Sany. 64-29 dated 19 11-30 were granted stating that the matter is receiving the attention of the Government. An application was made to the Senior Surgeon on 15th November 1930, for which an endorsement No.W.C. 308 dated 22nd November 1930 was granted stating that an estimate has been called for from the Executive Engineer, Mysore Division. But with regard to this matter nothing has been done upto this time.

~~xxxx~~ Now we learn that the estimate has been sent from the Executive Engineer to the Senior Surgeon. So, orders may kindly be made for the construction of the building at an early date at least this year. The contribution amount of Rs.2,500/- has been deposited in the Hunsur Taluk Treasury.

Hope that our request will receive your honour's due consideration and favourable orders be passed, for which act of kindness and help, we shall

P.T.O.

shall in duty bound ever remain highly indebted to you.

Mysore,
6th June, 1931.

We beg to remain,
